

## 1 A Driver Card for Safer Roads

**YES on 88** is a common sense approach to keep our communities safe.

It creates a **limited purpose** and **limited duration** driver card for qualified applicants living and working in Oregon.

## 2

Keeping Our Communities Safe

Driver cards will help Oregon residents follow the law and improve safety for drivers, bicyclists, and pedestrians by reducing the number of uninsured and untested drivers on the road.

**Seniors, veterans, and immigrant families and workers** are among the thousands of Oregonians who need this option to get to work, church and school.

Voting “Yes” allows the DMV to issue driver cards to any Oregon resident who meets the following requirements:

- Passed the State’s written driver knowledge test
- Passed the State’s behind-the-wheel driver test
- Provided proof of residence in Oregon for more than one year
- Provided proof of identity and date of birth

## 3

### A Broad Coalition

Small business owners, farmers, religious leaders and law enforcement all agree that **YES on 88** will help improve the safety of our communities.
